

Tootle Needs Your Help Getting Back to the Tracks!

Complete the maze to lead Tootle out of the meadow and back to the tracks! Be on the lookout for Old Bill and his waving red flag. Remember, Tootle must always *stop* for a red flag waving and practice *staying on the rails no matter what*. Help him become the *flyer* he has always wanted to be!

BONUS IDEA!
Create a Tootle Train!
 Create your own Tootle train in your bookstore, classroom, or library! The activity facilitator is the conductor of the train, standing at the front of the line. Children can line up single file behind the conductor. Do your best to stay in a line, keeping your train connected! Be sure to incorporate Tootle's story into your activity.

ANSWER:
